

FREECLIMBER 8FC

The 8 series FreeClimber™ builds on our 30-year reputation of performance and comfort to offer the most innovative climber experience in the gym. The FreeClimber™ step design includes added cushion and independent pedal geometry, with four-bar linkage to create a fluid, natural stepping motion. With three smart OpenHub™ console options that offer solutions for all of your entertainment, fitness tracking and asset management needs. It's the combination of quality and innovation that provides users with the machines that make hearts pound, lungs burn and keep members coming back to the workouts they love to hate.

STEP RIGHT

Electronically controlled alternator with chain drive precisely controls the pedal descent allowing a wide range of users to exercise smoothly within their comfort zones. Plus, patented independent pedal geometry with four-bar linkage keeps pedals level ensuring a comfortable, biomechanically correct movement

OPENHUB CONSOLES

Choose between 10", 15" & LCD versions of the new OpenHub family of consoles featuring 10 programs – Quick Start, Manual, Fat Burner, Calorie Burner, Speed Intervals, Custom Intervals, Random Intervals, Heart Rate Intervals, Calorie Goal, Heart Rate Zone Trainer
